GRADUATE HANDBOOK

Master of Science
Teaching, Learning, and Leadership
(TLL)

SCHOOL OF TEACHING & CURRICULUM LEADERSHIP

Option Areas:
- Curriculum and Leadership Studies
- Elementary, Middle, Secondary, and K-12 Education (EMS K12)
- Mathematics and Science
- Occupational Education Studies
- Reading and Literacy
- Special Education
INTRODUCTION

The College of Education is organized into three “schools” (rather than departments). We offer eight Master of Science (M.S.) Degrees and one Master of Arts in Teaching (MAT) Degree. The M.S. degrees in the college (Master of Science in Counseling, Master of Science in Educational Leadership, Master of Science in Educational Psychology, Master of Science in Educational Technology, Master of Science in Health and Human Performance, Master of Science in Leisure Students, Master of Science in Aviation and Space, and the Master of Science in Teaching, Learning, and Leadership) each have their own set of policies and are not covered in this handbook.

Within the M.S. in Teaching, Learning, and Leadership (TLL) there are several options, including Curriculum Studies; Elementary, Middle, Secondary, and K-12 Education (EMS K12); Mathematics and Science; Workforce and Adult Education; Reading and Literacy; and Special Education. This handbook will note areas where you need to refer to your program option for guidance on option-specific policies and procedures.

The Master of Science in Teaching, Learning, and Leadership (TLL) degree is designed to provide a sound knowledge base in curriculum and pedagogy. A 36-hour program, the TLL degree has a common core, six options, and several specialized areas of emphasis within the option areas. Designed for those who want to increase their understanding, effectiveness, and leadership qualities in their work with learners of all ages, the various options of the degree program prepare graduates for positions as curriculum planners, school educational leaders, and teacher researchers. Core courses in curriculum issues and educational advocacy and leadership provide a basis that is both theoretically rich and practically oriented, and each applicant can choose the particular option area that best meets her/his needs and interests.

OPTIONS AND EMPHASIS AREAS

Curriculum Studies Option

Elementary/Middle/Secondary/K-12 (EMS K-12)

   Elementary and Middle Level

   Secondary

Mathematics/Science

   Mathematics Education

   Science Education

   Mathematics and Science Education
Elementary Mathematics Education

Reading/Literacy

Special Education

Workforce and Adult Education

ADMISSION INFORMATION

To apply for admission to the M.S. TLL in Education program, complete an online application to OSU Graduate College, [http://gradcollege.okstate.edu](http://gradcollege.okstate.edu). Indicate your preference for the Master of Science in Teaching, Learning, and Leadership and choose a program option. Next, submit the following materials online for review by an admissions committee:

- Official transcripts from all institutions of higher education indicating completion of a bachelor’s degree (Note: a minimum GPA of 3.0 for undergraduate and 3.5 for graduate work is required).
- A statement of professional goals and objectives including how the degree supports your goals/interests (approximately 500 words)
- Resume or Curriculum Vitae (CV) that includes your educational background, professional experience, professional awards and honors, publications (if any), professional service, and references.
- A personal interview may be required as part of the admissions process, depending on the program option area.

Note: Special students can apply no more than 9 graduate hours to a degree program.

International applications must also submit TOEFL scores if English is a second language. [http://gradcollege.okstate.edu/content/application-process-0](http://gradcollege.okstate.edu/content/application-process-0)

Each program option will review admission materials once a month, make admission recommendations, and assign a temporary advisor to students admitted into the program option. The review process may take from 2-6 weeks during the fall and spring semesters or longer during the summer session.

SCHOLARSHIPS AND FINANCIAL AID

There are numerous scholarships available for which graduate students can apply. For information about College of Education Scholarships, call 405/744-3355 or visit [http://education.okstate.edu/students/scholarships](http://education.okstate.edu/students/scholarships).
Graduate students may apply for teaching and research assistantships for half time (20 hours/week). For information about graduate assistantships, contact the program coordinator for your desired option.

For information about financial aid, contact the OSU Scholarships & Financial Aid Office, 119 Student Union, 405-744-6604.

PROGRAM COMPONENTS

The TLL in Education program consists of coursework, comprehensive exam, and a creative component. Some areas may require professional examinations. The coursework component of the program consists of the following:

- Common Core - Common to all options within the TLL (6 hours)
- Research and Inquiry Requirement (3 -6 hours)
- Specialization/Emphasis Courses specific to each option area (varies by program area)
- Creative Component or Thesis

See Appendix A for option area degree sheets.

PROGRESS THROUGH THE DEGREE PROGRAM

This section highlights important steps to take after admission and during the early coursework semesters of your program.

Getting started in the Program

You will be informed of your admission via e-mail. Upon acceptance, you will be assigned a temporary advisor. Contact your temporary advisor for an initial conversation about your degree plan. Newly admitted students have an automatic “advising hold” that needs to be lifted before you can register for your first semester of courses, and your temporary advisor will lift the hold after your initial meeting or phone conversation.

While your advisor will provide assistance, there is much you can do to inform yourself of the requirements for your degree and program option. Each degree option has a program description with course choices on its website. Get a copy of the University Catalog from the OSU Website, Graduate College office, or bookstore and read about program requirements and course descriptions cataloged by course prefixes. Consult the OSU web site, http://go.okstate.edu for course schedules. Visit the Graduate College website (http://gradcollege.okstate.edu) for the most up-to-date information applicable to all graduate programs.
Assignment of Temporary Advisor
The admissions review process takes several weeks. The Graduate Coordinator will send you an admissions letter with the admissions committee recommendation and the name of your temporary advisor. Contact your temporary advisor to discuss enrollment, formation of an advisory committee, and the required formal Plan of Study. As delineated in the OSU Catalog, the temporary advisor will remove the enrollment hold and guide you in the selection of courses for the first semester or summer session. Additionally, your temporary advisor will explain the process of forming an Advisory Committee, which may or may not include the temporary advisor.

Your temporary advisor may or may not eventually become your permanent advisor. As you progress through your coursework and interact with faculty, you will discover more about your own research interests and which faculty members can best support you in your program. The faculty understands that your temporary advisor may or may not be the best match for you in the end. You should feel free to discuss the composition of your committee, including your choice for advisor and committee chair, with your temporary advisor. If you have filed a plan of study and wish to change your committee, you will need to initiate a committee change form.

Non-Degree Seeking Students
You may take up to 9 hours as a non-degree seeking student that may count toward degree requirements before being admitted to a degree program. If you have been admitted as a non-degree seeking student, you must re-apply to the degree option of your choice in order to be admitted into a degree program.

Continuous Enrollment Requirements
The Graduate College requires that graduate students maintain continuous enrollment throughout the degree program. The specific requirements for continuous enrollment and progress to degree can be found on the Graduate College website at http://gradcollege.okstate.edu/enrollment.

Leave of Absence Provisions
If you are unable to maintain continuous enrollment, you should consider requesting a Leave of Absence. The Graduate College policies on Leave of Absence can be found at http://gradcollege.okstate.edu/leave-of-absence-policy. Approval of a student Leave of Absence from the TLL is contingent upon good academic standing as defined by the Graduate College. In order to be reinstated at the end of the Leave of Absence, you must meet the admissions criteria in place at the time of your initial admission to the program. In addition, you must meet the conditions set forth by your graduate advisory committee (or academic advisor in the case that the committee has not yet been formed) as indicated in the letter from the committee/advisor that must be attached to the Leave of Absence Request Form. Students whose military orders call for deployment are automatically approved for a leave of absence for the duration of their deployment. Students with military orders that prevent them from continuous enrollment do not need Leave of Absence approval but do need to notify their
academic advisor/advisory committee members. Their Leave of Absence will not be counted toward their time-to-degree limits.

**Graduate Forms**

Each milestone in the graduate program (e.g., Plan of Study & Graduate Clearance Form) requires a specific form to notify the Graduate College of your progress. While these forms must be signed by your advisor and/or advisory committee, you will be the one to begin the process by completing the form and routing it as needed. The OSU Graduate College website contains links to the most current versions of the required forms, including the online Plan of Study form (http://gradcollege.okstate.edu/forms). As a master’s student, it is your responsibility to initiate and follow through on these processes and assure that these forms are appropriately completed and submitted to the Graduate College in a timely manner.

**Master Advisory Committee**

The Master Advisory Committee serves to assist you in planning the most appropriate coursework and related program experiences. The committee should be composed of three faculty members who hold Graduate Faculty membership. Your temporary advisor will help you identify the committee chair and committee members, all of whom must be full members of the Graduate Faculty. The committee chair’s primary duty is to monitor the progress of the student toward the degree. Other committee members’ duties include participating in examinations per Graduate College and program requirements, attending regular meetings of the advisory committee, and interacting regularly with committee members and the student to monitor progress toward the degree. The student and the members of the advisory committee should consult regularly to review the progress of the student’s work.

You have the option of changing the membership of your advisory committee at any time. However, a written request for changing a committee’s membership must be signed digitally by all old and new committee members and submitted to the School Head (this is now an online process). The request should include a clear rationale for the proposed change (e.g., faculty member retirement, etc.). Pending the School Head’s approval, the appropriate notification will be forwarded to the Graduate College. The link to these forms are available on the Graduate College website.

**Plan of Study Meeting**

You must complete a draft of the Plan of Study (POS) online and also convene a Plan of Study Meeting with your full committee. The purpose of the meeting is to get the whole committee’s input on developing a Plan of Study that includes required courses in specific programs, selected elective courses and other related experiences that best support your goals. You are
responsible for initiating and arranging the Plan of Study meeting with the assistance of your advisor.

According to the Graduate College policy, the Plan of Study is to be submitted prior to the end of the third semester of enrollment. If you do not have an approved Plan of Study on file by this time, you may face an advising hold that will prevent you from registering for classes. Once approved online by the committee, the Plan of Study goes to the Graduate College for final approval. Changes in the plan can be made using the same online Plan of Study form, and must be approved by the Masters Advisory Committee and the Dean of the Graduate College.

**Annual Review Process**
Faculty in your program option are required to have a process in place to monitor your progress through the program each year. The goal is to identify students encountering difficulties and provide support. Each program option has its own process for conducting the annual review process that must be completed by March 15th of each year. Your advisor will explain the requirements of your program option. Be sure to meet any stated deadlines and provide complete information when requested.

**Comprehensive Examinations**
The comprehensive examination is designed to measure your proficiency in the field specialization, your understanding of agency and advocacy, knowledge of research in the field of specialization, and knowledge of diversity and working with diverse learners. All TLL students are required to pass a comprehensive exam before the degree is granted. You should take the initiative in communicating with your advisor and registering for the comprehensive exam at [http://education.okstate.edu/masterscomp](http://education.okstate.edu/masterscomp) very early in the semester in which you plan to take the exam.

Be sure to check with your advisor concerning program-specific guidelines. Masters students typically take comprehensive exams the last semester of their coursework. The content of the comprehensive exam is based on program core coursework, specialization area, and research. For most programs, the exam is administered in a take-home format. Take-home exams are “open-book,” with high expectations for references and writing; students are given a time frame within which to complete and submit the exam. Your program may offer a sit down exam instead. Sit-down exams take place on campus for a one-day testing period. During that one-day testing period there is a morning and afternoon session in which students respond to questions. Be sure to check with your advisor concerning program-specific guidelines and exam dates.

The entire responsibility for developing the comprehensive examinations resides with your Advisory Committee. The Advisory Committee has the most pertinent information about your program and objectives. Decisions regarding the examination should, therefore, reside with the Committee. Typically, the Advisory Committee chair solicits questions from all committee
members and takes responsibility for the evaluation of the examinations. See Appendix B for a copy of the Comprehensive Examination Rubric.

**Reporting Results of Comprehensive Examinations**
The chair of the Advisory Committee will gather committee member evaluations and make a summary evaluation that will be reported to the Graduate Coordinator, who will report results to the Graduate Studies Office. The chair of the Advisory Committee may choose to report the evaluation results and feedback directly to you as well. The Graduate Coordinator will send you a letter of evaluation results as soon as possible following the examination.

In the event that you do not pass the comprehensive examination on your first attempt, you will be permitted to retake the examination when offered the following semester. You may be required to retake the entire exam or only a portion of it at the discretion of your advisory committee. You must remain enrolled as a degree candidate for at least two semester hours per semester or six credit hours per year until requirements are completed. You must reapply to take the examination and indicate a second retake on the application form. A third and final retake requires approval from the Graduate Dean.

**Graduation**
A final, accurate and approved [revised] Plan of Study and a Graduation Clearance Form must be filed with the Graduate College by the end of the second week of the semester or summer session in which the degree is to be conferred. The application for diploma is also completed and submitted to the OSU Registrar.

**ACADEMIC INTEGRITY**

**Responsible Conduct of Research**
All students in the TLL program are required to pass training in the Responsible Conduct of Research. Oklahoma State University is making use of the Collaborative Institutional Training Initiative (CITI) as a component of training in the area of Responsible Conduct of Research (RCR). This online training program consists of a series of tutorial modules focusing on different aspects of RCR and is intended for anyone engaged in research. The training is appropriate for faculty, staff, and students conducting research in the natural sciences, physical sciences, social and behavioral sciences, humanities, and fine arts. Modules include instructional material, case studies, and additional suggested readings. At the end of each module is a short quiz. The results of each quiz are recorded and provided to you and to the Office of University Research Compliance. You must have a cumulative score of 80% to pass/complete the course. Additional information follows. You can access the training modules from the OSU Graduate College website ([http://gradcollege.okstate.edu/](http://gradcollege.okstate.edu/)). This must be completed before your Plan of Study can be approved. A copy of your successful completion should be e-mailed to your advisor.
**Institutional Review Board (IRB)**

Before research begins, all research (including thesis, reports, and creative components) involving human subjects must be approved by the Institutional Review Board (IRB). In order to submit an application, you must first successfully complete the IRB training. Please consult the IRB website for details at [http://compliance.vpr.okstate.edu/IRB](http://compliance.vpr.okstate.edu/IRB). If your research involves humans, then you will need to complete an IRB application form and include a summary of your research plan with the application. Your IRB application must be approved and signed by your advisor before it is submitted to the IRB office for approval. Once the IRB begins to review your application, you can expect the process to take about one month (sometimes it is less or more). Be sure to include a signed letter of consent from the administrator in charge if your research will take place in a school/institutional setting or will involve research on teachers or students.

**Dismissal from the Graduate Program:** Graduate students may be dismissed from their program for failure to meet academic standards. In such instances, the students will be notified of the intent to dismiss and informed of their rights for due process and appeal (See section XII. Appeals Processes). If a student appeals the decision to dismiss, s/he must be allowed to maintain enrollment and continue working toward the graduate degree in the same manner as any other graduate student in the program during the appeals process. Continued enrollment is not required to appeal. Once the decision of the appropriate appeals panel is made, it will be final.
Appendix A: Option Area Degree Sheets

MASTER OF SCIENCE IN TEACHING, LEARNING, AND LEADERSHIP (TLL)
Option: Curriculum & Leadership Studies

REQUIRED OF ALL STUDENTS FOR ADMISSION:
Undergraduate degree in education or related field; vita/resume; typewritten goals statement (about 500 words) consistent with mission of graduate degree program and program option. Each program option will review once a month admissions materials, make admissions recommendations, and assign a temporary advisor to admitted students in that program option. The review process may take 4-6 weeks fall and spring semesters or longer during summer session.

For Unqualified Admission: 3.0 undergraduate GPA; undergraduate degree in education or related field; well-written goals statement consistent with mission of graduate degree program and degree program option; availability of academic advisor.

DEGREE REQUIREMENTS
A minimum of 36 hours beyond the Bachelor’s degree and a thesis or creative component is required.

COMMON CORE

- CIED 5053 Curriculum Issues
- CIED 5813 Educational Advocacy and Leadership

RESEARCH AND INQUIRY

- CIED 5073 Pedagogical Research AND
  Selected Research course with Advisor’s approval such as SCFD 5913 Intro to Qual Res, REMS 5953 Stat Meth in Educ, or REMS 5013 Res Design & Meth

PROGRAM CORE

- CIED 5623 Multicultural and Diversity Issues in Curriculum AND
- CIED 5043 Issues of Teaching OR
  Selected course with Advisor’s approval

AREA OF EMPHASIS

12 hours selected from courses listed below:

- CIED 5043 Issues of Teaching
- CIED 5123 Curriculum in the Secondary School
- CIED 5163 Middle School Curriculum
- CIED 5173 Kindergarten-Primary Curriculum
- CIED 5183 Media Literacy Across the Curriculum
- CIED 5313 Curriculum of the Elementary School
CIED 5623     Multicultural & Diversity Issues 
CIED 5723     Gender and Curriculum 
CIED 5730     Seminar in Education: Curriculum Topics with Advisor’s approval 
SCFD 5883     Educational Sociology 
OSU Writing Project OR other courses with Advisor’s approval

**ELECTIVES or THESIS**                                6 hours

CIED 5000 Thesis 
Courses with Advisor’s approval 

Program Coordinator: Dr. Hongyu Wang  hongyu.wang@okstate.edu   405-744-8019
MASTER OF SCIENCE IN TEACHING, LEARNING, AND LEADERSHIP
Option: Elementary, Middle, Secondary, and K-12 Education

REQUIRED OF ALL STUDENTS FOR ADMISSION:
Undergraduate degree in education or related field; vita/resume; typewritten goals statement (about 500 words) consistent with mission of graduate degree program and program option. Each program option will review once a month admissions materials, make admissions recommendations, and assign a temporary advisor to admitted students in that program option. The review process may take 4 - 6 weeks fall and spring semesters or longer during summer session.

For Unqualified Admission: 3.0 undergraduate GPA; undergraduate degree in education or related field (additional content area courses may be required for unqualified admission, dependent upon a review of transcripts); current vita/resume; well written goals statement consistent with mission of graduate degree program and degree program option; availability of academic advisor.

A minimum of 36 hours beyond the Bachelor’s degree is require

Elementary Mathematics and Science Education
Students will work with their advisor to choose 18 hours of SMED coursework that includes both science education and mathematics education courses appropriate for the elementary teacher.

ELECTIVES or THESIS  6 hours
Select thesis OR creative component and 6 hours of courses.

Important Information:
•  ® Indicates courses with at least one-third research content. Students in this program must complete at least three courses with an ®.
•  Elementary teachers wishing to meet certification requirements for the elementary mathematics specialist certification should work with their advisor to take the appropriate 18 hours of SMED courses and meet other certification requirements.
•  Secondary teachers are recommended to take at least 6 hours of graduate level (1) mathematics and/or statistics content courses or (2) science content courses.
•  Secondary teachers wishing to meet the Higher Learning Commission’s requirement of a master’s degree with 18 hours of mathematics/science coursework should work with their advisor to meet this requirement. It will require an extra 3 hours on your degree plan. [18 hours = 6 hours in Research area + 3 hours math/science prefix course in emphasis area + 6 areas of Elective Math/science + 3 hours of math/science above the 36 hours in the degree]

Faculty contact - Mathematics Education: Juliana Utley, 405-744-8111
Faculty contact - Science Education: Toni Ivey, 405-744-8019
MASTER OF SCIENCE IN TEACHING, LEARNING, AND LEADERSHIP
Option: Workforce and Adult Education

REQUIRED OF ALL STUDENTS FOR ADMISSION:
Undergraduate degree in education or related field; vita/resume; typewritten goals statement (about 500 words) consistent with mission of graduate degree program and program option. Each Program Option will review once a month admissions materials, make admission recommendations, and assign a temporary advisor to applicants in that program option. The review process may take 4-6 weeks.

For Unqualified Admission: 3.0 undergraduate GPA; undergraduate degree in education or related field; well written goals statement consistent with mission of graduate degree program and degree program option; availability of academic advisor.

DEGREE REQUIREMENTS
A minimum of 36 hours beyond the Bachelor’s degree in required.

COMMON CORE 6 hours
CIED 5053 Curriculum Issues
CIED 5813 Educational Advocacy and Leadership

RESEARCH AND INQUIRY REQUIREMENT 6 hours
WAED 5443 Interpreting Research in Workforce Education

And one of the following:
AGED 5983 Research Design in Occupational Education
REMS 5013 Research Design and Methodology
REMS 5953 Statistical Methods in Education
SCFD 5913 Introduction to Qualitative Research
STAT 5013 Statistics for Experimenters I

PROGRAM CORE 9 hours
WAED 5153 Curriculum Planning in Workforce Education or
CTED 4343, Occupational Analysis and Curriculum Development
WAED 5233 Advanced Instructional Procedures in Workforce Education or
Graduate section of CTED 4103.
WAED 5313 History, Principles and Organization of Workforce Education

AREAS OF EMPHASIS 15 hours
15 hours selected from, but not limited to courses listed below. Students should work with Advisor to select courses appropriate for emphasis in WAED teaching, administration, workforce development or engineering education.

A minimum of 36 hours beyond the Bachelor’s degree is required. Degree coursework consists of:

COMMON CORE (specific courses required of all TLL options) 6 hours
- CIED 5053 Curriculum Issues *
- CIED 5813 Educational Advocacy and Leadership *

RESEARCH AND INQUIRY (Select One Course) 3 hours
- CIED 5073 Pedagogical Research
- REMS 5013 Research Design and Methodology
- REMS 5953 Statistical Methods in Education

PROGRAM CORE (specific courses required of all SPED students) 12 hours
- SPED 5683 Models of Instruction in the Inclusive Classroom
- SPED 5673 Improving Literacy Skills of Individuals with Disabilities OR approved reading course
- SPED 5743 Planning and Instruction in Special Education
- SPED 5150 Seminar in Special Education

AREA OF EMPHASIS 9-15 hours
Students taking less than 15 hours of coursework from Area of Emphasis may select, with advisor’s approval, up to 6 hours of coursework from the Electives section included on this degree sheet.
- SPED 4723 Transition into Adulthood for Individuals with Disabilities
- SPED 5123 Characteristics & Teaching Methods for Students with Autism Spectrum Disorders
- SPED 5620 Practicum with Exceptional Learners
- SPED 5623 Characteristics of Students with Mild/Moderate Disabilities
- SPED 5783 Assessing Students with Disabilities
- SPED 5883 Classroom and Behavior Management
- SPED 5993 Culturally Responsive Teaching in Special Education

ELECTIVES up to 6 hours
- EPSY 5103 Human Development in Psychology
EPSY 5463  Psychology of Learning
EPSY 5753  Psychoeducational Assessment of Pre-Schoolers
EPSY 5853  Applied Behavior Analysis
EPSY 5783  Psycho-Educational Testing of Exceptional Individuals
EPSY 5793  Individual Intellectual Assessment of Children and Youth
CIED 5143  Language Arts in the Curriculum
CIED 5423  Literacy Instruction in the Primary Grades
CIED 5433  Reading and Writing in the Content Areas
CIED 5463  Reading Assessment and Instruction
SMED 5113  Knowing and Learning in Mathematics and Science
SMED 5253  Rational Number Concepts, Proportional Reasoning, & Classroom Interactions
SMED 5273  Number Concepts and Assessment
SMED 5913  Geometry and Spatial Visualization
SMED 5923  Algebra and Mathematical Tasks
SMED 5933  Data and Probability

IMPORTANT INFORMATION

- Program admission is contingent based on availability of advisor
- All students completing the MS-TLL SPED option are required to submit a portfolio commensurate with requirements set forth by the State of Oklahoma for Special Education Teacher Certification.
- Students seeking initial SPED teacher certification must meet OSUs Professional Education requirements found at https://education.okstate.edu/peu/certification
