Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable.

Please note that this table includes all students who enroll in our program, whether they enter directly with a Bachelor's degree or with a master's degree in a counseling related field. We typically admit 5 post-master's students per year, and 3 post-Bachelor's students per year. The post-Bachelor's program takes approximately 6 years to complete, and the post Master's program takes approximately 4 years to complete. This varies across students. Overall, our doctoral students in Counseling Psychology are very timely in their progress through the program.
