# DIRECTOR'S NOTE

Hello, friends! Welcome to the *Spring 2021 OLLI Course Catalog*. Every new catalog is like a treat just waiting to be opened and savored! Many thanks to the curriculum committee for their hard work.

In addition to our free, 90-minute lectures, we're offering courses that run for three, four, five, six and eight weeks, giving you more variety in course length. Some of the single lecture topics include antiques, learning a new language, Leonardo da Vinci's knots, Oklahoma maps and mapmaking and the Iditarod. These special lectures are free when you have an OLLI membership and only \$10 per lecture for non-members. Be sure to check the OLLI website and the newsletter for additional dates, titles and guest speaker information. The single lectures offer an excellent opportunity to share OLLI with a friend.

We heard from many of you who are enjoying the freedom and flexibility Zoom classes offer – folding laundry while watching, walking and listening via earbuds; sitting in your comfy chair while participating; etc. Several of you chose to take more courses because you weren't limited to only those offered in your city. We're thrilled!

If you haven't joined us online yet because you're concerned about the technology, we have staff and volunteers who are able to help you connect. If you have an internet connection, you can watch, listen and participate in an OLLI course via Zoom. No internet? You can listen and participate in the Zoom course via phone.

We miss seeing you in person, but we know this situation won't last forever. In the meantime, we're doing our best to bring you the high-quality content you've come to expect from OLLI. We hope you'll let us know how we can continue to make your lifelong learning experience better.

See you in class!
