

Release Form for Video and Photos and Student Work

Dear Parent/Guardian:

As a pre-professional teacher I am doing some of my field practice or student teaching in your child's classroom. As part of the requirements for licensure and certification, I am required to develop a portfolio demonstrating my professional development. This portfolio will be reviewed by faculty in my college program and possibly by review teams from the Oklahoma Commission for Teacher Preparation and public school officials.

As part of that process I may want to include some photos, videotapes and/or class work from your child's class. Although the photos and tapes involve the teacher candidate and the students, the primary focus is on the teacher candidate, not on the students in the class. In the course of taping or photographing, your child may appear in the pictures. Also, at times I might want to include samples of student work as evidence of my teaching practice and that may include some of your child's work.

No student name will appear with any materials that are submitted. All materials will be kept confidential. The form below will be used to document your permission for these activities.

Sincerely,
