FAMILY & CONSUMER SCIENCES EDUCATION

Impact society by learning to teach life skills focused on relationships, finance, parenting, child development, interior and fashion design, nutrition and work and family balance.

OSU TEACH

Choose one of six different science or mathematics majors as a pathway to become a certified math or science educator for students in grades 6-12.

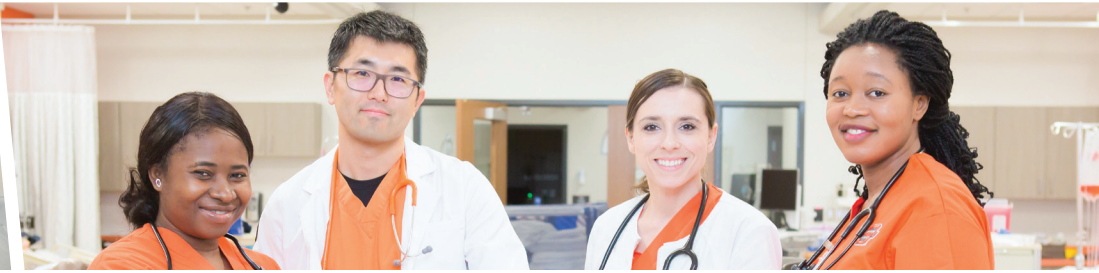

SECONDARY EDUCATION

Prepare to teach English, social studies or foreign language in grades 6-12 through in-depth study of content and multiple, diverse classroom experiences.

COLLEGE OF EDUCATION AND HUMAN SCIENCES

UNDERGRADUATE MAJORS

HEALTH SCIENCES

ALLIED HEALTH	Explore the relationship between nutrition and human health as a foundation for careers, like physician assistants, chiropractors, pharmacists, nurses and more.
APPLIED EXERCISE SCIENCE	Learn how human movement improves health and fitness, while preparing for graduate school or for a career in the healthcare, exercise and athletics industries.
DIETETICS	Study the science of food and how to influence the choices of others, and complete the first step toward certification as a Registered Dietitian Nutritionist (RDN).
HUMAN NUTRITION/ PRE-MEDICAL SCIENCES	Gain a strong foundation in healthy, sustainable lifestyle choices and disease prevention that fulfills prerequisites for medical or dental school.
NURSING: RN TO BSN	Enrich your nursing knowledge with a broader perspective of both the profession and the healthcare environment, while also preparing to lead in acute, chronic or community health care settings.
PUBLIC HEALTH	Study diverse aspects of health as a path to graduate school or toward developing preventative health services in community, corporate or clinical settings.
PUBLIC HEALTH NUTRITION	Make connections between nutrition and health as you pursue a future in nutrition education for hospitals, schools, institutions, and larger organizations.
RECREATIONAL THERAPY	Develop the skills to plan and direct leisure activities as treatments and interventions to achieve patients' desired health outcomes.

HUMAN & COMMUNITY SERVICES

CHILD & FAMILY SERVICES	Expand your capacity to help children, adolescents, families, and the aging population within multiple contexts and personalize your career path toward law, healthcare or other options.
EARLY CHILD CARE & DEVELOPMENT	Prepare to promote positive development for young children in work settings such as infant and toddler programs, childcare centers, preschool programs, and before and after school programs.
RECREATION MANAGEMENT	Learn to coordinate leisure activities in public and private settings as you prepare for management and operations careers within the growing multi-billion-dollar recreation industry.
