TEACHING EXPERIENCE

Clinical Practice Internship (Student Teaching)

Spring 2015

Montgomery Elementary School – Stillwater, Oklahoma

- Created interactive social studies, math, and reading lesson plans for 5th grade students.
- Modified curriculum for LD, ADHD, and Autistic students.
- Conducted parent/teacher conferences and participated in IEP and enrichment meetings.
- Managed students using the responsive classroom method.
- Encouraged students' character development using Great Expectations practices.

Clinical Experience II

Fall 2014

Duke Elementary School – Tulsa, Oklahoma

- Designed and taught a unit integrating math, science, reading, and social studies.
- Created modifications to unit for ELL and ED students.
- Analyzed benchmark test data to accommodate lesson plans to students' needs.
- Tutored small groups of 3rd-5th grade students who were performing below average in math.

Middle School Observation

Spring 2014

Stillwater Middle School – Stillwater, Oklahoma

- Collaborated with peers to organize science activities for 6th grade students.
- Led group instruction of 20-30 middle school students.
- Trained in positive middle school classroom management techniques.

Clinical Experience I

August 2013

Blueberry Elementary School – Blueberry, Oklahoma

- Arranged and organized classroom considering the effects of the environment on students' learning.
- Designed bulletin boards to display students work to increase motivation.

Tutor

Spring 2013

OSU Reading and Mathematics Center – Stillwater, Oklahoma

- Assessed two students reading and math abilities using standardized assessments.
- Created personalized lesson plans to facilitate the students' growth in these areas.
- Constructed detailed reports of students' strengths, weaknesses, and recommendations for parents.
