Join OSU students traveling to India to explore applied sustainable practices across multiple industries and social services. Earn OSU credit while learning about global sustainability as it is considered by entrepreneurs, psychologists, counselors, and educators. This study abroad is jointly offered by the colleges of Arts and Science & Education.

Class seminars including a safety orientation will begin in advance of the trip. For more information and to sign up, visit the trip site or the International Studies Office. Also, you are encouraged to speak with Dr. Jacobs and your advisor.

India is Ranked Among the top countries in:

- Economic Growth
- Consumer Markets
- Largest Middle-class
- Most Culturally Diverse Countries

“Be the change you wish to see in the world.” -Gandhi

ENRICH YOUR EDUCATION

http://education.okstate.edu/index.php/international-studies-india

People
Experience the culture, cuisine and beauty of India. Enjoy traditional dance and visit an Indian family's home.

Places
Visit New Delhi, Hyderabad, Andhra Pradesh, & Bangalore. See the Taj Mahal, museums, temples, and other cultural sites.

Things
Learn how health and education services try to meet the demands of India's growing population in a sustainable way.

Ideas
Discover the diversity of India's traditions, religions and philosophies.
