OSU EHA Spring Professional Development Workshop

Code Clinic using Swift Playgrounds

Technology has a language. It’s called code. Learning to code teaches you how to solve problems and work together in creative ways. And it helps you build apps that bring your ideas to life. We think everyone should have the opportunity to create something that can change the world.

So we’ve designed a program that lets anyone learn, write, and teach code. Come meet with an Apple Systems Engineer to explore classroom applications!

Wednesday, February 21, 12:00pm-1:00pm
Emerging Technologies and Creativity Research Lab Willard 326
