

OSU Difficult Dialogues Series Discussion

Immigration: Brief presentation and discussion

Friday, September 15, 2017
3:00-5:00 PM
Starlight Terrace (SU 465)

Join us for a brief presentation on Immigration and engage in dialogue with a mix of students, faculty, and staff sharing with one another their views, knowledge, hopes, and fears.

The specifics of immigration are often hard to pin down. It takes the guise of so many other topics – race, religion, politics, economics, trade, international histories – that it can be hard to stay on point. But let's try...

This month Difficult Dialogues will center around the topic of *IMMIGRATION*. We will take a hard look at what has happened around this topic and where we are today. How do we talk about this with our students, instructors, classmates, alumni, colleagues, family, and friends? The talk is never easy but always necessary and provocative. Join us for the opportunity to learn, talk and listen!

Our presenter, **Craig, Watters, Ph.D.**, is the Executive Director at the Riata Center for Entrepreneurship, Norman C. Stevenson Chair in School of Entrepreneurship, International Entrepreneurship Chair.
