All students who are accepted into the Master of Science degree program in Leisure Studies will be expected to meet all university requirements and to have had a degree in Recreation Therapy, Recreation Management, or related field. Applicants from “outside” this area of study may be required to complete leveling courses equivalent to the knowledge and competencies expected in a CARTE and/or COAPRT accredited undergraduate programs.

Based on professional and academic background, students who need leveling courses may be required to take coursework from the following list, or as identified by the admissions committee:

- RMTR 2413 Introduction to Leisure Services
- RMTR 2433 Introduction to Therapeutic Recreation
- RMTR 3463 Program Design in Leisure Services or the programming sequence in Therapeutic Recreation
- RMTR 4433 Evaluation in Leisure Services
- RMTR 4493 Administration of Leisure Services
- Internship* A professional field experience of 14 weeks, full time

* May be taken for graduate credit

**Requirements for Full Admission**

1. A minimum undergraduate grade point average of 3.00 on a 4.00 scale for unqualified admission.

2. We accept the Miller Analogies Test (MAT) with a minimum score of 396 or the Graduate Record Examination (GRE) with sub-scale minimum scores of 153 current scale (500 on the prior scale) on the verbal scale, 141 current scale (450 on the prior scale) on the quantitative scale, and 3.5 on the composition section.

3. Three professional recommendations. These letters of recommendation should include one from an employer and two from undergraduate faculty members familiar with the applicant’s academic preparation. These letters should include statements relating to a) the applicant’s previous success in professional settings or commitment to the profession, b) the applicant’s prior academic record as a reflection of ability to succeed in a Master of Science program, c) the applicant’s ability to work independently and communicate effectively, and d) the applicant’s potential for success in research, writing, and course work at the Master of Science level. If such recommendations are not available, the applicant should submit letters from one or more faculty members familiar with the applicant’s academic career. All recommendations should be from individuals capable of addressing the applicant’s ability to complete successfully a Master of Science program.

4. Please submit a letter of interest in the graduate program along with a copy of your resume highlighting your experiences related to parks, recreation, leisure services, or a related field.

5. During the review of application materials, faculty members in Leisure Studies may volunteer to serve as temporary advisor for those applicants to be admitted. A faculty mentor is needed for final admission to the program.

If the admissions committee determines that additional information is needed or if a candidate is deficient in one of the numerical requirements above, the committee may request the following of the candidate before a final decision is rendered regarding admission status:

1. A faculty-supervised, on-campus or proctored writing exercise will be administered. The candidate will be provided with a scholarly article two weeks prior to the writing exercise. The candidate will be given two hours to develop a written response to a question related to the article.
2. The candidate may be asked to participate in an on-campus interview with members of the admissions committee.

**NOTE:** Students admitted for fall 2011 or beyond are ALL required to complete comprehensive examinations.

The Master of Science in Leisure Studies is built on a minimum of six (6) hours in research and inquiry prior to the thesis or creative component enrollment. The six-hour requirement in research design and statistics is designed to build upon competencies gained at the undergraduate level and prepare the student to be a “consumer” of research in the discipline. In addition, all students in the program share a common core designed to achieve the goals established for the degree program.

### Research and Inquiry: (6 credit hours)

- REMS 5953 Statistical Methods in Education
- REMS 5013 Research Design and Methodology

### Core: (12 credit hours)

- LEIS 5023 Legal Aspects of Health, Physical Education, and Leisure (Spring)
- LEIS 5413 Organization and Administration of Leisure Services (Spring)
- LEIS 5433 Current Issues in Leisure Services (Spring)
- LEIS 5443 Social Foundations of Leisure (Fall)

### Cognate: (12 credit hours)

Students select 12 credit hours from among courses offered at Oklahoma State University, which may include the following RMTR and LEIS courses, to form a cognate appropriate to the student’s goals. Such course selection must be approved by the advisory committee and be included on the plan of study.

- RMTR 4453 (G) Outdoor Education (Fall)
- RMTR 4463(G) Areas and Facilities in Leisure Services (Fall)
- RMTR 4473(G) Recreation in the Natural Environment (Spring, odd years)
- RMTR 4493 (G) Advanced Methods in Therapeutic Recreation (Spring)
- RMTR 4553(G) Tourism in Recreation Settings (Spring, even years)
- RMTR 4563(G) Entrepreneurial Leisure Services (Spring)
- RMTR 4943(G) Grant Writing and Nonprofit Management (Fall)
- LEIS 5030 Field Problems in Leisure Services
- LEIS 5403 Interpretive Services in Leisure Services (Fall, even years)
- LEIS 5423 Supervision and Leadership in Leisure Services
- LEIS 5473 Leisure and Aging (Therapeutic Recreation and Geriatrics)
- LEIS 5483 Therapeutic Recreation for Persons with Physical Disabilities
- LEIS 5493 Therapeutic Recreation for Persons in Mental Health and Mental Retardation

And other courses as approved by the student’s graduate committee.

**NOTE:** Students who select the Creative Component option (also called the Professional Component) will select an additional 6 hours of coursework, which may be taken from the suggested courses in this section or other graduate courses at OSU as approved by the advisory committee.
Persons wishing to become candidates for the MS degree in Leisure Studies should first complete an online Graduate College application, remit the application fee, and send one official transcript of all post-baccalaureate coursework completed to:

Dean of Graduate College  
202 Whitehurst Hall  
Oklahoma State University  
Stillwater, OK 74078  
405-744-6683  
Apply online at:  http://gradcollege.okstate.edu

To aid in processing your admission materials, please send copies of all materials (e.g., test scores, letter of interest, resume, letters of recommendation, and any other supporting materials) (except the Graduate College application form) to the individual identified below. In addition, if you are interested in visiting with a faculty member in the Leisure Studies program about programmatic details or in scheduling an on-campus visit, please feel free to contact:

Dr. Tim Passmore  
Leisure Studies Graduate Coordinator  
181 Colvin Center  
Oklahoma State University  
Stillwater, OK 74078  
405-744-1811  
tim.passmore@okstate.edu

**MS in Environmental Science**

In addition to an MS in Leisure Studies, students may be interested in an interdisciplinary degree (MS and PhD) in Environmental Science. The Leisure Studies faculty are affiliated with this degree program and serve as student advisors. The Environmental Science program prepares students to enter into such fields as environmental management, environmental education, water quality, environmental policy, environmental conflict, and environmental sustainability.

Additional information about this program may be found on line at:

http://gradcollege.okstate.edu/programs/envirosci.htm
