BACHELOR OF SCIENCE IN AEROSPACE ADMINISTRATION AND OPERATIONS

Option in

AVIATION MANAGEMENT

Program Description

The Aviation and Space Program prepares students for careers in the aerospace industry. The Bachelor of Science in Aerospace Administration and Operations, Aviation Management option prepares students for management positions in the aerospace industry. Employment opportunities include positions with fixed-base operators, air carriers, corporate flight departments, commuter and air taxi operations and a variety of career areas associated with airport operations, manufacturing, maintenance and government aviation and aerospace organizations. The Aviation Management option is accredited by Aviation Accreditation Board International (AABI).

Job Description

Plan, direct, or coordinate the operations of public or private sector organizations. Duties and responsibilities include formulating policies, managing daily operations, and planning the use of materials and human resources, but are too diverse and general in nature to be classified in any one functional area of management or administration, such as personnel, purchasing, or administrative services.

Sample Job Titles

Chief Operating Officer (COO), Director of Operations, Facilities Manager, General Manager (GM), Operations Manager, Vice President of Operations

Similar Occupations
